

Murray Valley Citrus Board Cittgroups

Qfly Cittgroup

All growers are urged to attend this Qfly Information Sessions for the Buronga, Gol Gol and Boundary Bend Township Qfly outbreaks. It is essential that growers within 1.5km of a Qfly outbreak epicentre attend to **collect their allocation of chemical**. Please note this will be the only chemical distributed by MVCB to growers for the 2013/14 season. MVCB will no longer be funding chemical for citrus growers as industry funds are now being directed into costs associated with operating the Sunraysia PFA.

All other growers are urged to attend to ensure they are up to date with the new procedures for the movement of fruit out of the Sunraysia PFA.

Where: MVCB Boardroom
When: Wednesday 11 September
Time: 3:00pm

Victorian DEPI staff will be in attendance on the day to answer all questions on application, equipment, compliance and Qfly Interstate Certification Agreements.
